Improbable Research

As of 2017, Nobel Prizes have been awarded to 902 individuals, of whom 203 or 22.5% were Jews, although the total Jewish population comprises less than 0.2% of the world's population. This means the percentage of Jewish Nobel laureates is at least 112.5 times or 11,250% above average. Various theories have been made to explain this phenomenon, which has received considerable attention.

An author website has a lofty goal: it needs to not just be, but also needs to perform and respond. No longer just a fancy, static, online business card, it is an author's 'homebase', a marketing and networking hub and a portal that allows communication to flow between an author and his or her readers. Visiting an author's website is one of the leading ways that book readers support and get to ...
