dictionary landscape and urban pdf

A landscape is the visible features of an area of land, its landforms, and how they integrate with natural or man-made features.

Landscape - Wikipedia

Urban design is the process of designing and shaping the physical features of cities, towns and villages and planning for the provision of municipal services to residents and visitors. In contrast to architecture, which focuses on the design of individual buildings, urban design deals with the larger scale of groups of buildings, streets and public spaces, whole neighborhoods and districts ...
