Annals of Tropical Medicine and Public Health (ATMPH)

Spermatogenesis is the process by which haploid spermatozoa develop from germ cells in the seminiferous tubules of the testis. This process starts with the mitotic division of the stem cells located close to the basement membrane of the tubules. These cells are called spermatogonial stem cells. The mitotic division of these produces two types of cells.

Spermatogenesis - Wikipedia

E-Cronicon is dedicated towards the promotion of open access publication of research that reduces the frontier to assess the dossier needed and carry out the research work in any field.

ECronicon Open Access | Scientific Publications : Online

It is the primary aim of this international journal to be a multidisciplinary forum for publications from all fields of oral medicine. Especially, it is intended to create a connection between basic and clinical sciences and thus promote the exchange of information and the advancement of oral medicine for the benefit of patients.
