Moving from the US to the UK. Last Modified: 20 November 2001 This page describes, in fairly serious detail, the process of moving from the US to the UK. I have written it because while I was embroiled in the process of moving to the UK, information posted on the web by other people proved indispensable.

A nominal income target is a monetary policy target. Such targets are adopted by central banks to manage national economic activity. Nominal aggregates are not adjusted for inflation. Nominal income aggregates that can serve as targets include nominal gross domestic product (NGDP) and nominal gross domestic income (GDI). Central banks use a variety of techniques to hit their targets, including ...

The return of consciousness without the return of a pulse is still rare, but may be more common with our increased focus on high quality chest compressions. There is still no evidence that interrupting chest compressions, for anything other than defibrillation, improves outcomes. Is this due to the consistency of the machine? Maybe. Maybe not.
