In some science-fiction, it is impractical to transport enough ground troops to invade a planet or natural satellite, or The Empire simply wants to make a statement. So they bombard it with a bunch of nukes or large kinetics, or Energy Weapons of some sort. This bombardment may be limited to a small geographical area but more often it is a general assault that wipes out most civilization if ...

### Orbital Bombardment - TV Tropes

Orbital bombardment is a trope in science fiction where a planet or natural satellite is destroyed or severely damaged by a nuclear or other high-energy weapon launched from space. This is often used as a plot device to show the power of a civilization or to punish a planet for some crime. The trope is often used in a way that is considered "over-the-top" or "cartoonish" by some fans.
