Buddhism and science have increasingly been discussed as compatible, and Buddhism has entered into the science and religion dialogue. The case is made that the philosophic and psychological teachings within Buddhism share commonalities with modern scientific and philosophic thought. For example, Buddhism encourages the impartial investigation of Nature (an activity referred to as Dhamma-Vicaya ...

Firms are usually best off with a portfolio that has a balance of firms in each category. The cash cows tend to generate cash but require little future investment. On the other hand, stars generate some cash, but even more cash is needed to invest in the future for research and development, marketing campaigns, and building new manufacturing facilities.
