The second major compliance dates for the FDA Food Safety Modernization Act (FSMA) Preventive Controls for Animal Food rule arrived in September 2017.

FSMA Final Rule for Preventive Controls for Animal Food

Animal testing, also known as animal experimentation, animal research and in vivo testing, is the use of non-human animals in experiments that seek to control the variables that affect the behavior or biological system under study. This approach can be contrasted with field studies in which animals are observed in their natural environments or habitats.
