The Ten Themes of the Social Studies Standards In 1994, the National Council for the Social Studies

approved a set of standards for the teaching of social studies nationwide.

Differentiated Instruction for Social Studies - Walch

Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.

Dig deeper into the specific articles, studies, and reports included in our social emotional research review.

Social and Emotional Learning Research Review: Annotated

For the past decade, social studies, history, government, geography, and civics have been relatively neglected subjects in our school systems. Because they are not required to be tested through the No Child Left Behind legislation, these subjects have appeared less

The Academic Language of History and Social Studies

Social science is a category of academic disciplines, concerned with society and the relationships among individuals within a society. Social science as a whole has many branches, each of which is considered a social science. The social sciences include, but are not limited to: anthropology, archaeology, communication studies, economics, history, human geography, jurisprudence, linguistics ...

Social science - Wikipedia

Social capital broadly refers to those factors of effectively functioning social groups that include such things as interpersonal relationships, a shared sense of identity, a shared understanding, shared norms, shared values, trust, cooperation, and reciprocity. However, the many views of this complex subject make a single definition difficult. The term generally refers to (a) resources, and ...

Social capital - Wikipedia

Globalization of the economy, the explosion of population growth, technological changes and international competition compels the student to understand, both personally and globally, production, distribution, and consumption of goods and services.
