Domestic Violence & People with Disabilities. Anyone can be affected by domestic violence and abuse, but people with disabilities are more likely to experience abuse than people without disabilities. Because abuse is about power and control, people with disabilities may face unique challenges and barriers to accessing support.. According to the Equal Rights Center, domestic violence can ...

The term "intimate partner violence" (IPV) is often used synonymously with domestic abuse/domestic violence. Family violence is a broader definition, often used to include child abuse, elder abuse, and other violent acts between family members.

### **men and domestic violence**

FREQUENTLY ASKED QUESTIONS. Because the common belief is that men are rarely victims of family violence and abuse, when confronted with the evidence that males make up a significant percentage of victims, questions often arise as to the nature of male violence compared to female violence.
